

# **SIGCSE 2008 Birds of a Feather**

The following Birds-of-a-Feather sessions were organized for attendees of the SIGCSE 2008 symposium.

## **Updated Computer Science Transfer Curriculum**

Elizabeth Hawthorne, *Union County College*

Robert Campbell, *CUNY Graduate Center*

Karl Klee, *Alfred State College*

Anita Wright, *Camden County College*

This BOF session will focus on Computer Science transfer curriculum guidelines, recently revised by the ACM Two-Year College Education Committee in conjunction with the five-year Interim Review of the baccalaureate-level Computer Science Volume. The Committee is requesting discussion and feedback concerning these recent revisions before final publication in 2008. Participants may obtain a copy in advance from the Committee's website at [www.acmtyc.org](http://www.acmtyc.org). Copies also will be available during the session along with a summary of the changes. Once finalized, these new guidelines will update those published by the Committee in 2004.
